Bachelor in Computer Application
In Ambition College

SKILLS

- Programming Languages: PHP
- Web Development: HTML, CSS, Next.js
- Database: MySQL

Sushant Bista

I'm a BCA student in my 7th semester with an aptitude for web development. I've experimented with PHP and Next.js, building cool stuff like a CRUD system and an e-commerce website. Now, I'm on the lookout for an internship to put my skills to the test, learn more, and be a useful part of a team

EXPERIENCE

WEB DEVELOPMENT PROJECTS

Project: CRUD Operations in PHP

In my 4th semester, we have group project in which we dove into web development, creating a project that mastered CRUD operations using PHP. This experience sharpened my skills in handling data efficiently and understanding the backend of web applications.

Project: E-commerce Website in Next.js

During my 6th semester, I led a team in developing a dynamic e-commerce platform using Next.js. This project honed my front-end and back-end skills, fostering collaboration and problem-solving.
